Amazing Animal Art Camp - An amazing summer art camp for art students ages 7-12. During the week of camp your student will work with various mediums (such as Acrylic Paints, Watercolor, and Oil Pastel) to create 4 different Amazing Animal projects. On the last day of class, we will finish the week with an art show where your student will display their work and you will hear all about everything they learned during the week while having fun. This is great camp for the young more serious artist in your family. :)

The intermediate camp is for my students 10-14 who take my classes during the year that have a little more knowledge of the basics and want a little more challenging but fun art camp.
